
觀鳥 Watching Birds / 黃倩影

月下巢中鳥
吱吱誕兩兒
春來餵蟲碎
秋盡折微枝
破曉拭清露
三更蓋綠衣
羽豐舉翅去
空負母恩慈

Tweet-tweet! A bird in the moonlight nest—
Chirped and delivered two chicks.
Spring comes, she feeds them with minced worms;
Autumn ends, she breaks tiny twigs.
She wipes clear dew at dawn,
And blankets them with green clothes at midnight.
Feathers thicken, the young birds wing away,
Failing their mother's solicitude.
