

OAPS

Outstanding Academic Papers by Students (OAPS)
The 9th Certificate Awarding Ceremony *2014*
16 April 2014

Congratulatory Message – Professor Wing-heun Ip

It is indeed my honor to participate yet again in the OAPS awarding ceremony here at CityU.

The creative research and academic papers by students at the undergraduate level promoted by CityU should especially be cherished.

There is an old Indian saying:

Plant an idea, you will reap a behaviour;
plant a behaviour, you will grow a habit;
plant a habit, you will build a character;
plant a character, and you will decide your fate.

This means that your fate can be determined by a right idea.

Therefore, the OAPS project of CityU strives to uphold honesty and to foster originality, so that you can shape your fates, and in turn, direct the destiny of our society. No amount of banking or ranking can substitute this important goal. It is something we can all be proud of.

Wing-Huen Ip
Vice Chancellor, University System of Taiwan
Professor of Astronomy and Space Sciences
National Central University (Taiwan)
